

# Not a Hopeless End, but Endless Hope

Daryl Martin, director

COVID-19 has crashed upon us like a mighty wave, bringing more disruption than I have ever seen. It brings such questions as, when will it end, how bad will it get, will I contract it, will we ever get back to normal? Is this the hopeless end to life as we knew it?

*Even when I walk through the valley, with shadows and death, I will fear no evil because God is with me.*

This is our hope. It is not dependent on the outcome, but the one who walks with us in that outcome, the one who has no beginning and no end. So grab hold of Him and walk in endless hope.

The economic impact has affected us all. It goes against my nature to not go to work, abiding by the stay at home order. This impacts me and others directly in our bank accounts. How can I ask you to give for food relief aid when we are uncertain about ourselves.? This takes faith. Jesus said "give, and it will be given to you. A good measure, pressed down, shaken together, running over, will be put into your lap." I have seen this principle at work many times in my life. So I will give so that they can eat. I will give so that they might live. ❤️

## Attention:

Our annual banquet has been canceled due to the COVID-19 pandemic.

## Food Relief Aid Response to COVID-19

Communities that lack food security are immediately at risk because of the lockdown due to COVID-19 pandemic. Families are not able to work, even for their daily food. The Second Tunic has the opportunity to assist our workers in both Thailand and the Philippines who are responding to this need. There are 500 families in five communities that they minister to on a regular basis.

The Second Tunic has responded with basic food relief. We will be providing food to these families every two weeks. This aid will include almost eight tons of rice, canned goods, and noodles distributed to these 500 families each month. This is about half their normal consumption. The total cost per month, per family, is \$16. Your contributions to The Second Tunic will provide basic food relief.

February 2020

During lockdown they are not allowed to hold Bible Studies or any of their regular activities. During this unprecedented time they can show the love of Christ in a practical way through this response.

## WE NEED YOUR HELP!

See the following page for more information.

*Our desire is not that others might be relieved while you are hard pressed, but that there might be equality. At the present time your plenty will supply what they need, so that in turn their plenty will supply what you need. The goal is equality, as it is written: "The one who gathered much did not have too much, and the one who gathered little did not have too little." 2 Corinthians 8:13-15* ❤️

# Making The Most of An Opportunity

By Mary Martin

*Let us not become weary in doing good, for at the proper time we will reap a harvest if we do not give up. Therefore, as we have opportunity, let us do good to all people.* Gal 6:9-10a

During our recent visit to Fang Thailand, Daryl and I saw the effective ministry of the gospel as the door of opportunity was open. Alu & Gigi and team reach out to the migrant workers from the nearby orange farms. The children are invited to come to daycare where they receive breakfast and lunch five days a week. The children learn basic math and language, as well as good hygiene, washing their hands and faces before meals and brushing their teeth after meals. They learn good social skills and hear about Jesus in a caring environment. There are about 35 children each day.

Some of these children will go on to the ACE school where children have the opportunity to get a Christian-based education. Ging, April, and Sam provide supervision and assistance to the twelve children attending the ACE school.

What an amazing way to make the most of the opportunity afforded by the needs in their community. Providing care in this way opens up the door to visiting the families and inviting them to hear about Jesus through evening Bible studies and Sunday worship services 🌸

Alu, Gigi, and Karsten

Ging

*Alu & Gigi and their son Karsten serve in Fang, Thailand. They are involved in education and evangelism.*

*Ging Cabaron also serves in Fang and is involved in education.*

# Food Relief Aid

## COVID-19 Response

We will be providing basic food to 500 families every two weeks. This aid will include almost eight tons of rice, canned goods, and noodles distributed to these families each month. This is about half their normal consumption. These are families they have been ministering to over the years.

### Monthly cost for 500 Families

\$16.00 per family  
\$8,000.00 total

### Will you help meet this urgent need?

*"Food is their greatest need at this time."*

Eddie and Liezel, Butuan, Philippines
